## Adopting a Family Pet - Going to the Pet Shop/Shelter

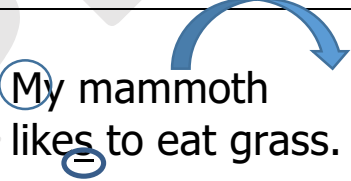

You want to convince your parents to buy/adopt a new family pet. Write a letter to your parents convincing them.

These are some ideas to consider:

1. Write a complete description of the animal you would like to have.
2. Include a physical description of the animal and how you are going to take care of it.
3. Add two arguments to convince your parents.
4. Write about the food your animal will need and toys it would like to play with.
5. Use the checklist to make sure you have all the elements in your letter.
