

Anglais Intensif – 5^e année

Converser (RAG AI-2)

Tâche

Task – Getting to know each other

Pick an ID card and pretend to be someone else. Prepare yourself to have a conversation by doing a role play. The conversation must last 3 to 4 minutes.

- You will have to present yourself.
- You have to listen and interact with your classmate by asking and answering questions.
- You have to use greetings and be polite (thank you, please, welcome ...)
- Ask different questions and get to know your partner's interests and preferences.
- Invite your partner to an activity. Tell him what time and where to go for the activity. He needs to check his timetable to see if he can accept or if he has to refuse.
