6. If you could be an athlete in the winter or summer Olympic Games, in what event would you like to compete? Explain what, why and how you would prepare for it.

I would be in the summer Olympic Games, playing soccer because I love soccer and that is the only sport I regularly play. The way I would prepare for it would be to play every day at least an hour. I would practice skills, perfect my difficulties and record myself when I am playing to see if some thing is wrong.

7. Justine has to compete against her sisters regularly. Would you like to compete in a competition against your siblings, friends or cousins? Explain why or why not, and how it would make you feel.

Yes I would, it would not bother me because if there better then me, they would give me advice and if I'm better than them, I would give them advice. It would be fun because at the end, no matter who wins, we are not enemies and we still love each other! It would probably make me feel uncomfortable at first, but I'll get used to it.
