**Tâche signifiante**

**FACES: My Profile**

My name is Audrey Martin. I'm 17 years old and my birthday is the 12<sup>th</sup> of September. I'm a student at Fredericton High School. I was born in Quebec, but when I was 8, we moved to New-Brunswick. I live with my father - his name is Carl Martin.

Since I'm in high school, I can learn a lot of languages. In addition to French and English, I take an online class to learn to speak Spanish. That online class really helped me when I visited Mexico last summer with my mother. I really like reading in all languages. One of my favorite books is about a futuristic society where all the teenagers control the decisions. I also love math. I'm thinking about becoming a math teacher, because math is easy for me, and I like helping others with their work and seeing them succeed.

When I have spare time, I like to watch movies or read books. My favorite ones are usually the scariest ones. I also like watching crime shows and soap operas on TV. On weekends, my friends and I work at part-time jobs, or we go skiing or to the mall. We also like to listen to music and dance. When we're tired, we don't go out - we just play games, watch movies or just hang out together. I think everyone should enjoy life like I do!

My friends would describe me as a very social person. I work in a small coffee shop, so I get to meet a lot of people. I'm rarely upset or in a bad mood. I'm usually a happy person unless somebody disrespects me or others. I can't stand people that choose to be dishonest or bullies.

1. In which provinces has Audrey lived?

New-Brunswick But she born  
in Quebec.

2. Would you like to be Audrey's friend? Explain why or why not.

yes, because im social with  
everybody and Audrey is social to  
she love math and me to I love  
math. She very smart of me.

3. Where does Audrey live? How do you know? Explain your answer.

In Fredericton because her  
school is Fredericton high school.  
helping others
