FACES: My Profile

My name is Audrey Martin. I'm 17 years old and my birthday is the 12th of September. I'm a student at Fredericton High School. I was born in Quebec, but when I was 8, we moved to New-Brunswick. I live with my father - his name is Carl Martin.

Since I'm in high school, I can learn a lot of languages. In addition to French and English, I take an online class to learn to speak Spanish. That online class really helped me when I visited Mexico last summer with my mother. I really like reading in all languages. One of my favorite books is about a futuristic society where all the teenagers control the decisions. I also love math. I'm thinking about becoming a math teacher, because math is easy for me, and I like helping others with their work and seeing them succeed.

When I have spare time, I like to watch movies or read books. My favorite ones are usually the scariest ones. I also like watching crime shows and soap operas on TV. On weekends, my friends and I work at part-time jobs, or we go skiing or to the mall. We also like to listen to music and dance. When we're tired, we don't go out - we just play games, watch movies or just hang out together. I think everyone should enjoy life like I do!

My friends would describe me as a very social person. I work in a small coffee shop, so I get to meet a lot of people. I'm rarely upset or in a bad mood. I'm usually a happy person unless somebody disrespects me or others. I can't stand people that choose to be dishonest or bullies.

□ = differe
 □ = similar

1. In which provinces has Audrey lived?

She lived in Québec and now she lives in New-Brunswick

2. Would you like to be Audrey's friend? Explain why or why not.

Yes! Because her friends describe her like a very social person. Also, she is a happy person. She is rarely in a bad mood. We have a lot in common. We like to read books, to see others succeed and more. And, she looks very nice.

3. Where does Audrey live? How do you know? Explain your answer.

She lives in Fredericton. Because, she goes to Fredericton's height school. And people usually go to the school that is close from where they live. So I can tell that she lives in Fredericton.

4. In your words, explain why Audrey would probably be a good teacher. Give as many reasons as possible.

Because she said that she loves math and it is easy for her. Also, she likes helping others with their work and to see them succeed. So she would do a great math teacher.

5. Fill in the T-Chart to compare your interests and activities with **five** of Audrey's interests and activities. Give as much detail as possible.
