Justification

L'élève communique ses idées. Son texte a une suite logique mais contient peu de paragraphes. Ses idées sont répétitives et ses phrases sont trop longues. Le vocabulaire demeure très simple. La conclusion est très brève. Pour les conventions, les erreurs de grammaire, d'orthographe et de syntaxe sont nombreuses.

Say yes to devices at school

M.L.

Over the last few years, more and more peoples are bringing their device at school. I say its a good thing. Heres some examples of how we can use are device at school.

At school devices are really useful. We can use them to correct a text, but some teachers don't want to. We can make some researcts. Some peoples may have trouble concentrating at school so they can listen to music with their device so they can focus better on the work they have to do. I use my device a lot to found the definition of the word I don't understand. You can also do your presentation or project with it at school so you have less to do at home.

Finally, I hope all of these examples convince you to bring your device at school. Just make sure to use it correctly and for the good reasons.
