## Go-Kart and Ostrich Face Off in a Do or Die Race

1. In your own words, when and where did the story take place? Be specific.

The race took place in August at the Riverbent Hills go-kart track in the Maritimes.

2. What benefit came out of having the ostrich race against the go-kart?

The race would raise money for the local SPCA and the Wildlife conservation clinic.

3. What clues let us know that Alex had probably raced before?

At one point in the story it says "The experience 18-year-old racer" with the word experience we know he drove many times.

4. Why do you think wildlife conservation experts and the SPCA were present at the race?

They were there to raise money for the cause and to see this unusual race.

5. Who was interviewed by the local media?

Two young videographers that filmed the race.

6. Why did Alex suspect he might not win?

Because his race kart was made of old parts from a junkyard a side down lawnmower, a snow blower and a scooter from the 80s' plus Freddy could run at a minimum of 60 miles per hour.

7. Why will Fast-Footed Freddy be racing near Alex in future races?

after the race he commemorated the bird by renaming his cart Fast-Footed Freddy.

8. If you could organize a race between two animals, which ones would you choose and why? Which animal would probably win?

Just for fun I always wanted to see a turtle and a rabbit ever since the rabbit would probably win but the story of the tortoise and the rabbit racing is a classic so it would be fun to see.

9. Alex's hobby is racing go-karts. Share a few things about a hobby that interests you (either one that you have or one that you'd like to have).

One of my favorite hobbies is swimming because it's great exercise and it's a great way of spending time with friends.
