Go-Kart and Ostrich Face Off in a Do or Die Race

1. In your own words, when and where did the story take place? Be specific.
The event took place in August in the Maritimes.
He was asked to race the ostrich a couple weeks before
Riverboat Hills opened and his racing season started.
2. What benefit came out of having the ostrich race against the go-kart?
They raised money for the local SPCA and
the Wildlife Conservation Clinic, more than
18 000 \$ in a day
3. What clues let us know that Alex had probably raced before?
He has a usual racing season and they
mention that he is an experienced 18-year-old
racer.
4. Why do you think wildlife conservation experts and the SPCA were present at the race?
They came because it's a once in a lifetime event
helping them raise money.
5. Who was interviewed by the local media?
Two videographers were interviewed by the local media
to talk about their experience.

6. Why did Alex suspect he might not win?

He thought he wouldn't win because the engine was homemade with pieces of junk.

7. Why will Fast-Footed Freddy be racing near Alex in future races?

He renamed the kart after the bird so he'll always remember the race with a new (Fast-Footed Freddy) near him

8. If you could organize a race between two animals, which ones would you choose and why? Which animal would probably win?

If I had to make two animals race, I'd choose a turtle and an ostrich because I'd like to see how far ahead the ostrich would be. The ostrich would totally win because they are faster than race karts and turtles are typically slow.

9. Alex's hobby is racing go-karts. Share a few things about a hobby that interests you (either one that you have or one that you'd like to have).

I really like to swim. I swim with CVAL "Lodiac Vikings Aquatic Club" 2 times a week. I don't do anything else it's my only hobby.
